Mr. Frank Waldrop who did not wish his name revealed, advised that Hugh Miller who is connected with the Washington Committee for Democratic Action, 1653 Pennsylvania Avenue, has been distributing leaflets of a questionable nature.

A man and a woman were arrested August 19th and taken to the Fifth Precinct and admonished not to distribute such communications in the future.

Frank did not say that Miller was the man taken to the Fifth Precinct.

Hon. Robert Jackson
Attorney General of the United States
Washington, D. C.

19743
~~19743~~

Mr. Attorney General:

Not long ago you instructed a Conference of United States Attorneys to exercise extreme care in protecting the spirit as well as the letter of American Civil Liberties, especially in the prosecution of so-called "subversive activities." Warning that such cases are dangerous to civil liberties because of the absence of definite standards as to what constitutes "subversive activity", you said:

"We should prosecute any and every act of violation, but only overt acts, not the expression of opinion or activities such as the holding of meetings, petitioning Congress, or dissemination of news or opinions."

The Washington Committee for Democratic Action enthusiastically endorses these principles, Mr. Attorney General. It believes that the prosecution of "Subversive activities" on any other basis must result in hysterical witch hunts, the persecution of innocent people, and the curtailment of American Civil Liberties.

It is now a matter of public record, however, that the Director of the Federal Bureau of Investigation does not subscribe to the policies of the Attorney General. On November 14, as appears from the official transcript of hearings of the Smith Committee, the Director addressed to the head of a government agency a letter which violates every precept laid down in your instructions. The letter states that "information" has been received by the Bureau that an employee of the government agency "is known to have radical tendencies leaning toward Communism", and that he also has studied anthropology and has visited Mexico. It adds that this "information" is submitted for such action as is deemed appropriate.

We conceive this letter to be a prosecution, Mr. Attorney General - - - a prosecution of so-called "subversive activities." Nothing is answered by saying that the letter implies no crime and invokes no criminal penalty. Such a communication, addressed by an officer of the Department of Justice to the employer of the accused, and suggesting "appropriate" action, subjects the accused to the risk of summary discharge and of permanent blacklisting. It constitutes a dangerous and irresponsible libel.

In a prosecution, moreover, an accused knows the precise nature of the charge against him; he is confronted with his accuser. The American people have these democratic safeguards. But how can one answer a charge of "radical tendencies"? Who makes it? What has it to do with the study of anthropology, with travel?

100-4596-2

1974

Dec. 7, 19

The Washington Committee for Democratic Action is concerned, Mr. Attorney General, lest this letter, made public by a Congressional Committee, be typical of the practice of the Federal Bureau of Investigation in the national emergency. It is doubly concerned in that the incident suggests the operation of a secret police, comparable in its methods to those employed by anti-democratic governments, against the employees of the federal government itself.

In safeguarding our American way of life during the period of the defense effort, special vigilance must be exercised to the end that the civil liberties of government workers shall be preserved intact. The least impairment of the security of this group of American citizens in their exercise of the rights of speech and assembly, and in their freedom from unlawful searches and seizures will sap the vigor of the public service and may quickly transform it into a sterile and lifeless bureaucracy, incapable of serving the will of a free people.

The Washington Committee for Democratic Action therefore urges that you publicly repudiate this and all similar action taken by the Director of the Federal Bureau of Investigation, and henceforth compel scrupulous observance by all agents of the Department of Justice of the principles enunciated in your address to the United States Attorneys. The welfare of the American people, Mr. Attorney General, demands no less of you.

Respectfully,

HUGH MILLER

Dear Mr. Madden:

I wish to advise you information has been received by this Bureau to the effect that Grant Cannon, a field examiner connected with the National Labor Relations Board at St. Louis, Missouri is known to have radical tendencies leaning toward Communism.

It is further reported that Cannon has studied anthropology and has been affiliated with the National Labor Relations Board for three years.

It was also reported that Cannon visited Mexico City, Mexico to observe the presidential election in that country in July, 1940.

The above information is submitted for your consideration and what ever action you deem appropriate.

Sincerely yours,

RESOLUTION ON RIGHTS OF GOVERNMENT WORKERS

WHEREAS, the preservation of American Democracy in the period of the national defense effort requires that civil liberties of government workers be maintained intact lest the public service be drained of its vitality and transformed into a sterile and lifeless bureaucracy incapable of serving the will of a free people, and

WHEREAS, various instrumentalities of the federal government, utilizing the national emergency as a pretext, are engaged in a drastic and concerted effort to undermine the civil rights and liberties of employees of the federal government by:

1. Maintaining surveillance over such employees in the exercise of their right of free speech and assembly and their right to belong to unions and other progressive organizations
2. Subjecting such employees to unwarranted and demoralizing questioning concerning intimate details of their private lives
3. Reporting such employees to their superiors upon vague and unsubstantiated charges and thus subjecting them to the risk of discharge and subsequent blacklisting without a hearing
4. Inciting heads of federal agencies summarily to remove employees suspected of "disloyalty" and to ignore such safeguards against unjust dismissals as have been established through collective bargaining
5. Publishing lists of alleged members of organizations charged with or suspected of being "subversive" and attempting to utilize such lists as blacklists, and

WHEREAS, the sharp and continuing increase in the number of persons directly employed by the federal government, the additional millions of workers in defense industries who will be more or less directly subject to the jurisdiction of the federal government, and the force of the example set by the federal government upon state and local governments employing still more millions of workers, and upon employers generally, renders this problem one of national scope and urgency,

BE IT RESOLVED: That the Washington Committee for Democratic Action protests the above and all similar action of instrumentalities of the federal government which tends to undermine the civil rights and liberties of government employees, and urgently petitions the National Federation for Constitutional Liberties to initiate an immediate nationwide campaign among its affiliated bodies and all other progressive organizations, to the end that the traditional American civil rights and liberties of employees of the federal government shall be preserved without impairment.

MEMORANDUM FOR THE DIRECTOR

RE: HUGH MILLER;
WASHINGTON COMMITTEE
FOR DEMOCRATIC ACTION

Reference is made to your inquiry concerning an investigation of the Washington Committee for Democratic Action.

Please be advised that at the time Mr. L. B. Nichols submitted his memorandum on August 21, 1940, covering information furnished him by Mr. Frank Caldwell concerning Hugh Miller and the Washington Committee for Democratic Action, it appeared that this was a matter being handled by the Metropolitan Police Department. There was no information in the memorandum indicating a possible violation of a Federal Law, nor was there anything in the memorandum which would indicate that the organization is subversive in character. The result was that no investigation was authorized at that time.

On the bottom of the second page of the letter directed to the Attorney General by Mr. Hugh Miller, dated December 7, 1940, it is noted that the Washington Committee for Democratic Action is a Chapter of the National Federation for Constitutional Liberties. I thought you would be interested in knowing that a memorandum concerning the parent organization, the National Federation for Constitutional Liberties, is contained in the summary of SUBVERSIVE ACTIVITIES IN THE UNITED STATES, which was submitted on November 15, 1940. The memorandum is contained on page 188. The nature of the organization is indicated by the following of its officers:

Rev. Owen A. Knox
Vito Marcantonio
Max Yergen
and several others.

The aims and purposes of this organization are found on page 190 of the said memorandum, which again disclose unequivocally the character of this organization, of which the Washington Committee for Democratic Action is but a Chapter.

It is also desired to point out that a memorandum was prepared on the Reverend Owen A. Knox on June 4, 1940, containing all of the information in the files concerning him at that time. He is the Chairman of the National Federation for Constitutional Liberties.

In keeping with your suggestion, however, a thorough and complete investigation is being authorized in this matter.

Dear Sir:

cc
Under date of December 19, 1940, the Washington Evening Star carried a report on the results of the Mass Meeting held by the Washington Committee for Democratic Action, under date of December 18, 1940 at the Burlington Hotel, Vermont Avenue, Northwest, Washington, D. C. There were approximately 200 persons in attendance at this meeting where it was alleged that instrumentalities of the Federal Government were tending to undermine employees' rights; that the Civil Service Commission had circulated a circular to its departmental heads, advocating dismissal of its undesirable employees, to which the Washington Committee of Democratic Action took exception and referred to as "unwarranted delving into the private lives of the workers".

Washington Star
During the meeting a resolution was passed by this organization to petition its National Chapter, the National Federation of Constitutional Liberties, to initiate an immediate nation-wide campaign to the end that the traditional American civil rights and liberties of employees of the Federal Government shall be preserved without impairment. The resolution stated that the Government was utilizing the National emergency as a pretext; that the Government is engaged in a drastic and concerted effort to undermine the civil rights and liberties of Governmental employees by maintaining surveillances, by subjecting employees to unwarranted and demoralizing questioning and subjecting them to risk of discharge and subsequent black-listing without a hearing through vague and unsubstantiated charges.

WASHINGTON, D. C. 54618
This investigation is made jointly by Special Agents J. C. NEWSOM, M. J. CONNOLLY, W. H. CORRIGAN and the writer.

This investigation is predicated upon information originally received from Confidential Informant C-21 to the effect that there were many Communist Front organizations presently operating in the Maryland Building, 1410 H Street, Northwest, Washington, D. C. 40348

It is noted that under date of December 16, 1940, the Bureau requested an investigation in connection with the Washington Council for Democratic Rights.

From the minutes of the Washington Committee for Democratic Action it is clearly evident that the original name of this organization was the Washington Committee for Democratic Rights, which is evidently identical with the Washington Council for Democratic Rights Action.

The Washington Committee for Democratic Action is the Washington Chapter of the National Federation for Constitutional Liberties, headquarters, Room 102, Maryland Building, 1410 H Street, N.W., Washington, D. C. Due to the fact that this organization is separately operating, this case is being reported separately from that of the National Federation for Constitutional Liberties.

This investigation was made through the close cooperation of Confidential Informant C-21, who enabled Agents to obtain confidential information and documents necessary in this matter.

ORIGIN AND CONFERENCE ON CIVIL RIGHTS

A detailed examination of the books and records of this organization was made through the assistance of FOIA(b)(7)-(D) and in a very confidential manner. It is believed that it is an outgrowth of part of the membership of the old American League for Peace and Democracy. A second group formed by the American League for Peace and Democracy is known as the American Peace Mobilization. It seems that part of the membership of the American League for Peace and Democracy originally formed the Washington Committee for Democratic Rights.

original minutes for the first known meeting reveals that it was held on February 13, 1940 under the name of the Washington Committee for Democratic Rights and are as follows:

On motion, the meeting was adjourned at 11 p.m."

As it will be seen from the minutes of this meeting, the next meeting of the Executive Committee was to be held on February 21, 1940.

It will be seen from the minutes of the meeting held on February 21, 1940, that the name of the organization was changed to the Washington Committee for Democratic Action, which is the present name of this organization:

tive will be selected at the membership meeting.

After discussion, it was decided that the next member-

ship meeting be held on March 1 at the Hamilton Hotel.

On motion, the meeting was adjourned at 10:45."

It is apparent from the minutes of these meetings that the original purpose of this organization was to call a meeting in the District of Columbia on the subject of civil rights and after considerable discussion of the matter as shown in the minutes of the meeting held March 19, 1940, it was decided that the Conference on Civil Liberties was to be held on April 20 and 21, 1940 in the Hall of Nations, Washington Hotel. It was also decided that the film "United Action" was to be shown on the evening of April 20.

It is noted that the original office of this organization was to be located at 1653 Pennsylvania Avenue, Northwest. The minutes of the meeting of March 19, 1940 are as follows:

"Minutes of the Meeting of the Executive Committee

Cedric D. Fowler
Edith Halpern

In the absence of the Chairman, Miss Barrows called the meeting to order at 8:30 p.m.

Miss Barrows announced that the Conference on Civil Liberties would be held on April 20 and 21; the Hall of Nations at the Washington Hotel had been secured for Saturday, Sunday and Sunday evening at a cost of \$50; that it was

expected that the Press Club Auditorium could be secured for Saturday evening at a cost of \$75; and that the film 'United Action' was to be shown on Saturday evening. Miss Barrows also announced that the office at 1653 Pennsylvania Avenue, would probably be ready for use by the end of the week.

Miss Barrows explained that this meeting was called for the purpose of determining a form for a printed Call for delegates to the Conference and to draw up a list of sponsors which could be placed on the Call.

The meeting was devoted to discussing the preliminary program which had been drawn up by the Committee on Organization for the Conference and reviewing the list of possible sponsors to be contacted by members of the Executive Committee.

The meeting was adjourned at 10:30 p.m."

The next problem before this Committee was to select its sponsors and under date of March 23, 1940, Charles H. Houston of the law firm of Houston, Houston and Hastie, 615 F Street, Northwest, on the stationery of that firm, addressed letters to various prominent people in and around Washington, D. C., advising them that certain persons had consented to act as sponsors for this organization and the Civil Liberties Conference to be held on April 20, 1940. The following is the form letter submitted to innumerable individuals requesting them to act as sponsors:

Dear Mrs. Jones:

The Washington Committee for Democratic Action is planning a conference April 20 and 21 on Civil Rights which promises to be one of the most significant conferences held in Washington in recent years. The Saturday afternoon and Sunday sessions will be held in the Hotel Washington. The Saturday evening meeting will be held in a place which will be later announced.

A tentative program is enclosed which will give you an idea of the scope of the conference and a list of the persons whom the committee hopes to secure as speakers. All of the speakers listed have not accepted but the tentative program will indicate the type of speakers the conference is seeking.

Some of the persons who have already consented to be sponsors are: Mr. Morley Vincent, Senator Murray, Mrs. E. S. Smith, Mrs. Lucille Tzikiel, Rev. W. T. Collegan, Mr. Gardner Jackson, Mr. Jerry Riley, Mrs. Charles Putnam, Mr. Henry Hunt, Mr. Kenneth Crawford, Mrs. Mary McLeod Bethune, Mr. Charles H. Houston and Mrs. Mary Richardson.

On behalf of the executive committee we are extending you an invitation to be one of the sponsors. This will not require either time or money, but it means your moral support and we hope your presence and personal interest. Your name would be listed on the conference call and printed on the program.

As the time within which to issue the call and prepare for the conference is very short may we have your reply

just as soon as you have been able to reach your decision. If you can decide now will you favor us by endorsing your consent on this letter and returning it to us in the enclosed stamped, self-addressed envelop.

Miss Barrows announced that the Committee had secured the use of the Hall of Nations in the Washington Hotel for the price of \$25.00.

Under date of March 27, 1940, copies of the tentative program together with a list of the sponsors were sent to Dan Tobin, President of the International Brotherhood of Teamsters, 222 East Michigan Street, No. 303, Indianapolis, Indiana; Mr. Michael Quill, President, Transport Workers Union, 153 West 64 St., New York City; and Miss Elizabeth Gurley Flynn, The Communist Party, 35 East 12 St., New York City, who were to be the speakers at the Conference on Civil Rights on April 20 and 21, 1940 in Washington, D. C.

From a copy of the letter dated March 27, 1940, addressed to "Merle," who is undoubtedly Merle D. Vincent, President of the Washington Committee for Democratic Action, it is noted that Vincent is advised of certain action taken in preparation for the Conference on Civil Rights. This letter reveals that a representative of the Communist Party had been requested to speak at this Conference on Civil rights. The copy of this letter reads as follows:

2010 O St., N.W.
March 27, 1940.

Dear Merle:

I am enclosing 6 sets of programs and lists of sponsors. Two sets are for you, and of the remaining four:

3 sets are to be inclosed in the letters to be sent to the following three speakers:

Mr. Dan Tobin
President, International Brotherhood of Teamsters
222 East Michigan Street
No. 303
Indianapolis, Ind.

Mr. Michael Quill
President, Transport Workers Union
153 West 64 St.,
New York City

II

I sent you a tentative rough draft of letters to Quill and Flynn, and I thought you could adopt it the one to Tobin, specifying as the subject, 'Labor and the Anti-Trust Act,' or however you and he wish to word it.

One set of the program and list of sponsors I have enclosed for you to send to Congressman Marcantonio with the letter asking him to be chairman of the Sunday morning session on 'Civil Rights and Minority Groups'.

Do pardon this typing. It is not my long suit?

As we want to have the Call to the Conference printed by next Tuesday, could you call Tobin by long distance if you do not hear from him by Monday? His number is Riley - 1718.

Just had a nice letter from Professor Dearborn saying: 'I'm glad to have your letter and copy of the program. I believe the program to be a good one and am glad to participate. You may put me down as a member of the Executive Committee of the American Committee for Democracy and Intellectual Freedom.' So now when we get the three speakers above we are all set to go. Let me know when you hear from them.

You are a grand person. We are very proud of our chairman!

Sincerely yours,"

It will be seen that the Executive Committee of the Washington Committee for Democratic Action was extremely interested in getting Congressman Vito Marcantonio to act as chairman of the Conference on Civil Rights, and a tentative draft of a letter with the notation "sent by Merle Vincent" sets forth the fact that this meeting is being held while Congress is in session for the purpose of influencing Congress in the preservation and extension of democratic rights. This letter is as follows:

" (Tentative draft of letter to be sent
to Congressman Vito Marcantonio)

Honorable Vito Marcantonio
House Office Building
Washington, D. C.

1713

My dear Congressman Marcantonio:

The Washington Committee for Democratic Action is planning a conference on Civil Rights to be held on April 20 and 21 at the Hotel Washington.

The purposes of the Committee as set forth in Article II of its By-Laws are as follows: 'To assert, defend and extend the democratic process, to maintain constitutional procedures and civil rights, to promote the general economic and social welfare, and to defend the constitutional rights of all individuals and groups to organize to these ends.'

I am enclosing a copy of the tentative program of the conference together with a partial list of sponsors.

I am writing to ask you to be the chairman of the Sunday morning session on April 21 on 'Civil Rights and Minority Groups', and also to consent to be one of the sponsors of the conference. I realize that you probably plan to be in New York over the week-ends, but I am hoping that — will make an exception for this one week-end because of the importance of the occasion and our great desire to have you with us.

This conference has already aroused a great deal of interest in Washington, and because it will be held while Congress is in session, we hope it will be a real influence for the preservation and extension of democratic rights.

Hoping for an early reply assuring me that you will be with us as chairman on the 21st of April and that you will also be a sponsor,

Sincerely yours,

President, Washington Committee
for Democratic Action"

The following form letter was sent to innumerable individuals on stationery headed "Conference on Civil Rights under auspices of Washington Committee for Democratic Action" under date of April 3, 1940:

"Dear Friend:-

This is to invite your organization to send delegates to a conference on Civil Liberties, to be held April 20 - 21 at the Washington Hotel.

The conference is sponsored by the Washington Committee for Democratic Action and by a list of 50 distinguished Washington citizens. Problems of civil liberties here in the District and in the United States as a whole will be discussed. Special topics will include civil rights and labor, rights of Negroes; of national and civil minority groups, etc. Speakers and panels from labor and civic organizations will lead the discussion.

Your organization can help make this conference an important factor in checking the present drive against civil liberties. We ask that you take up this matter at your first opportunity and elect three delegates or observers to participate in the deliberations of this group. We shall be glad to send a speaker to your meeting, upon request.

A copy of the call to the Conference and a credential blank are enclosed. Please mail credentials to the Secretary, Washington Committee for Democratic Action, 1653 Pennsylvania Avenue, NW, Washington, D. C. Additional credentials are available upon request.

Cordially yours,

Under date of April 10, 1940, a letter was addressed to Miss Elizabeth Gurley Flynn, as follows:

April 10, 1940

Miss Elizabeth Gurley Flynn,
The Communist Party,
35 East 12th Street,
New York, N. Y.

My dear Miss Flynn:

I was delighted to learn that you would be one of the speakers at the Conference on Civil Rights to be held in Washington, D. C., on April 20, and 21.

I am enclosing a copy of the Call to the Conference. You will see that the session at which you are to speak, Civil Rights and Minority Groups, takes place on Sunday, April 21, from 10:00 A. M. to 12:00. My understanding is that you wish to speak on the subject 'Civil Rights'. This will be entirely satisfactory to us.

Looking forward to the pleasure of seeing you at the Conference, I am

Sincerely yours,

Merle D. Vincent
President"

The Washington Committee for Democratic Action was interested in having Mrs. Roosevelt act as Chairman of the Sunday meeting on April 21, 1940, and under date of April 9, 1940, Executive Secretary Margaret Cummings wired Norman Spolreim, American Youth Congress, 8 West 40th Street, New York City, for the whereabouts of Joseph Cadden. It was determined that

II, 6

Cadden was located at 218 South Wabash Avenue, Chicago, Illinois, and under date of April 10, 1940, a letter was addressed to Cadden requesting that he immediately speak to Mrs. Roosevelt, asking her to act as Chairman of the Sunday evening session of the Conference on Civil Rights, advising him that this meeting would be known as the Washington Town Meeting and concerned exclusively with District problems. This letter reads as follows:

April 10, 1940

Mr. Joseph Cadden
218 S. Wabash Ave.
Chicago, Illinois

Dear Joe:

I am writing to ask if you will speak to Mrs. Roosevelt, asking her to act as Chairman of the Sunday evening session of the Conference on Civil Rights.

This session, to be known as the Washington Town Meeting, will be concerned exclusively with District problems. Mrs. Roosevelt's interest in problems little known to the general public would be a tremendous factor toward making the Town Meeting the kind of affair we want. Not simply her personal prestige, but her acquaintance with the situation here and with the various angles inherent in plans and hopes for its improvement, would give this meeting the inquiring spirit typical of the Town Meeting.

The Committee has wanted to invite Mrs. Roosevelt for some time, and she would have received a direct invitation had there not been some confusion as to when she was returning to Washington.

I am enclosing a copy of the program and will send two more under separate cover. In the new printing of the Call a separate sheet will be inserted for the Town Meeting.

117

In describing the meeting to Mrs. Roosevelt, you may say that speakers include Sefton Barr, past president of the District Bar Association; also that the District Suffrage Assn. is assisting in arranging the program. I am sure that you can ad lib as to the significance of the whole conference at this time; and you will have the great gratitude of the Committee for being of help.

Please give Mrs. Roosevelt my personal regards when you see her, and tell her how much I and the Committee hope she can be with us on Saturday evening, of April 20th.

Good luck on your tour. It was nice to see you here.

Sincerely,

Margaret Cummings
Executive Secretary

A notation on the copy of this letter reflects that the same letter was sent to John P. Davis (National Negro Congress), Arthur Stein (President, District Council, U.F.W.A.) and David Lasser (The Workers Alliance).

A copy of a letter dated April 19, 1940, addressed to Honorable Rudolph C. Wenerowicz, reveals that Dr. Richard W. Hogue, was to act as Moderator during the forum portion of the meeting on Sunday evening.

Under date of April 19, 1940, the Executive Committee, Washington Committee for Democratic Action, heard the case of Laurent Frantz, the details of which are set forth in the minutes of that meeting, which are as follows:

The meeting was called to order at 8:30 p.m. by Merle D. Vincent, Chairman.

Mr. Vincent presented Mr. Laurent Frantz who had requested an opportunity to present his case to the WCDA. Mr. Frantz made the following statement:

I am a licensed attorney and have been practicing law for three years in Birmingham, Alabama. I was employed by Mr. Hull, State Secretary of the Communist Party, to secure information on election requirements so that the Communist Party could place its candidates for President and Vice President. Most of my work was done in the Birmingham Law Library.

About two weeks ago, Mr. Hull went out of town and gave me the keys to his office so that the material in his files might be available to me. On the night of April 9, I was working in his office when a U. S. Deputy Marshal and a city detective came to the office with a subpoena for Mr. Hull. On learning that he was out of town, they questioned me as to his whereabouts and threatened me when I said I did not know. I was taken to the Birmingham jail and kept there for 48 hours incommunicado. On April 11, I was called to the front office and served with a subpoena to appear before the Dies Committee.

I came to Washington but did not appear before the Dies Committee until April 19. Mr. Barker, investigator for the Dies Committee, testified that he had flown to Birmingham on April 10 with a subpoena for me. (The subpoena was dated April 10)

I have called at the Department of Justice and told my story to Mr. MacFurray in the Civil Liberties Section. The subpoena was taken for photostat.

Mr. Vincent pointed out that the significance of the case was that by holding Mr. Frantz for two days without a warrant, awaiting a subpoena the Dies

Committee is bending other officials to its will.

After discussion, and on motion duly made and seconded, it was:

RESOLVED, that upon formal, written request from Mr. Frantz, his case would be referred to the appropriate committee for consideration and action; and it was further

RESOLVED, that Mr. Frantz be given the opportunity to present his case at the Sunday morning session of the Civil Rights Conference.

Mr. Vincent called on Miss Barrows, Chairman of the Committee on Organization for the Conference, who announced that this meeting had been called for the purpose of making final arrangements for the conference and formulating resolutions to be presented at the conference. The following suggestions were offered:

That the Executive Committee take upon itself the responsibility for insuring well-rounded panel discussions at the Labor and Town Meeting sessions by asking questions from the floor on pertinent subjects which the speakers may not have covered; and

That a Resolutions Committee be set up to review the resolutions formulated at each session, such resolutions to constitute recommendations for action on the part of the WCDA.

After discussion and correction of the resolutions prepared by the Committee on Organization for the Conference, it was:

RESOLVED, that an independent resolution be offered to stipulate that the WCDA take action on the resolutions adopted by the conference.

After discussion, a Resolutions Committee consisting of the following was set up:

Albert T. Mollegen, Chairman
Marion Bachrach
Harry Lambertson
James McNamara
Arthur Stein

On motion, the meeting was adjourned at 11:30 p.m."

Under date of June 14, 1940, Laurent Frantz addressed a letter to Mr. Harry C. Lambertson, which indicates that the Washington Committee for Democratic Action took sufficient steps in the case of this Communist, Laurent Frantz, to satisfy him. The letter reads as follows:

P. O. Box 723
Birmingham, Ala.
June 14, 1940

Mr. Harry C. Lambertson, Chairman
Legal Committee
Washington Committee for Democratic Action

Dear Mr. Lambertson:

I received your letter of June 11 reporting the results of the interview which your delegation had with Mr. Scheinhaut and Mr. McInerney regarding the matter of my arrest in Birmingham last April.

I am very much pleased with the favorable report regarding the attitude of the Civil Liberties Unit in the matter and very grateful to your organization for its activities in the case.

Here's wishing the Washington Committee for Democratic Action every success in every phase of its important and sorely-needed work.

Very sincerely yours,

Murray's Broadcast mentioned above is undoubtedly the
broadcast given by Senator James E. Murray on "Anti-Alien
Legislation." It is apparent that the Washington Committee
for Democratic Action has been assisting Senator Murray in
publicizing his speech in view of the fact that the files of
the Committee contain a letter addressed to Senator Murray
dated April 15, 1940 by Assistant Professor of Sociology,
J. Saposnekow of West Virginia University, Morgantown, West

121
Virginia, which is as follows:

"Senator James T. Murray
Senate Office Building
Washington, D. C.

Honorable Sir:

I am so sorry that I could not hear your radio address last night on 'Anti-Alien Legislation.' I wonder if you could send me a copy of the address if you have it mimeographed or available in any other form. Have you any other materials on the same theme, all of which I could use in my teaching? Could you give me any information on the forthcoming conference on anti-alien legislation?

Thanking you very kindly, I am

Respectfully yours,

/s/ J. Saposnekow
Assistant Professor of
Sociology"

It appears that the above letter was forwarded by Senator Murray to the Washington Committee for Democratic Action for answer.

The following instructions were given to the panel members before the forum meeting on April 21, 1940:

"
TOWN MEETING
on District Affairs
Hotel Washington, Hall of Nations
Sunday, April 21, 8.15 p.m.

Instructions to Panel Members

After the Moderator has made a short opening statement as to the purpose of the meeting, the meeting will

be thrown open to discussion, as follows:

1. Every member may raise questions that someone else may answer, or answer a question that either the chairman or some other member has presented.
2. Each member should guard against the surging desire to make a speech.
3. Points of view should be expressed preferably in not more than three minutes.
4. After the initial presentation the chairman acts more as interlocutor or moderator. He does not express any opinions, leaving that responsibility to the other members.
5. If the discussion lags, the chairman may ask individual members for an opinion.
6. In asking or answering a question, always face the audience. The panel members may do the straining, but a strained audience either goes to sleep or departs for more comfortable lobbies.
7. Questions may be raised from the floor by members of the audience, to be answered by panel members.
8. After the discussion has run to a close, the chairman will summarize its salient features without expressing an opinion."

The Conference on Civil Rights was held on April 20 and 21, 1940 at the Hotel Washington and was attended by many known Communists and practically every Communist Front organization was represented at the meeting.

A release given out to the press concerning the conference is as follows:

"IMMEDIATE RELEASE"

WASHINGTON COMM. FOR
DEMOCRATIC ACTION
1653 Penn. Ave., N.W. NA 3765

A Town Meeting on District of Columbia Affairs will close the two-day Conference on Civil Rights, set for Saturday and Sunday at the Washington Hotel, it was announced today by the Washington Committee for Democratic Action, under whose auspices the conference has been arranged.

District suffrage, taxation, housing, cost of living, youth, civil rights, unemployment relief, and other local problems will be discussed at the Town Meeting, which will take place Sunday evening at 8:15 o'clock in the Hall of Nations of the Washington Hotel.

Although the audience will be invited to take part during and after the panel discussion, the town meeting will present leaders in district affairs as panel members. On the panel will be Hon. Frank M. Fries, Congressman from Illinois; Hon. Rudolph C. Tenerewicz, Congressman from Michigan; Mrs. N. C. Lorenz, president, District of Columbia League of Women Voters; Howard Jones, chairman, Washington Youth Council; Charles S. Duke, chairman, Housing Committee, Industrial Union Council; Frances Rice, chairman, Committee on Living Standards, Washington League of Women Shoppers; Sidney Katz, secretary-treasurer, Industrial Union Council; Alpheus Hinton, president, Local 440, American Federation of Teachers; Alice Barrows, executive committee, Washington Committee for Democratic Action, and Herbert S. Ford, chairman, Emergency Conference Against the Sales Tax.

Dr. Richard M. Hogue will be moderator of the District Town Meeting.

Sponsored by leading Washingtonians, members of Congress and nationally known leaders in education, labor and other fields, the Conference on Civil Rights will open Saturday afternoon with a session on Civil Rights and Labor. The program for this session includes

speeches by H. N. J. M. Coffee, Congressman from Washington; Lee Pressman, general counsel, C.I.O., and James E. Garvey, secretary, C.I.O. In the panel discussion after the speeches will be James McNamara, vice-president, International Alliance of Hotel and Restaurant Employees; Cecil Owen, president, Washington Industrial Union Council; John Davis, secretary, National Negro Congress; Arthur Stein, president, D.C. Council, United Federal Workers of America; and David Lasser, president, Workers Alliance of America. Merle D. Vincent, president of the Washington Committee for Democratic Action, will preside over the opening session.

Other sessions of the conference will deal with civil rights of minority groups and special problems of district civil liberties. The general public is invited to attend all sessions.

Dr. Robert T. Spier, Professor of Education, New York University, is to preside over the Sunday morning session on civil rights and minority groups. In a message to the Washington Committee for Democratic Action yesterday, Dr. Spier wrote: "A conference on civil rights is very important at this time. Organizations and individuals in America are disseminating propaganda which, if crystallized into action, would destroy one or all of our democratic freedoms. Note, specifically, judicial abrogation of the freedom of the press in one part of our country; gag on school newspapers in another part; the deportation bills; bills limiting the rights of aliens; indictment of union leaders; recall of appointments of liberals to university positions; legislation to negate the principle of separation of church and state; the shelving of the anti-lynch bill; and the theft of Negro rights by the application of the poll tax."

At the conclusion of the Conference on Civil Rights, resolutions were presented and adopted by this organization which are as follows:

WASHINGTON COMMITTEE FOR DEMOCRATIC ACTION

April 20-21, 1940

RESOLUTION ON THE WAGNER ACT

WHEREAS, The National Labor Relations Act has proved its value to the workers of this Country as a democratic, impartial means of implementing their right to union organization; and

WHEREAS, Employers who have accepted the Act and its policy and their employees now enjoy peaceable contractual relations as the Act contemplated; and

WHEREAS, Issues that have come before the National Labor Relations Board have with rare exception arisen out of a rejection and violation of the law and refusal to accept the declared policy of the United States with respect to collective bargaining; and

WHEREAS, Through the Wagner Act American workers have shown preference by overwhelming majorities for industrial democracy through collective bargaining; and

WHEREAS, The enemies of industrial democracy have undertaken a campaign to deprive labor of these democratic rights through crippling amendments to the Wagner Act, especially the amendments offered in the Norton (H.R. 9195) and the Smith (H.R. 8813) bills now before Congress; and

1129

WHEREAS, The millions of organized workers of America have declared their opposition to all proposed amendments to the Wagner Act,

BE IT RESOLVED, That this Conference for Civil Rights declares its unqualified opposition to all amendments to the Wagner Act now pending, and

BE IT FURTHER RESOLVED, That copies of this resolution shall be sent to the President of the United States, to the House Labor Committee and to the Majority and Minority Leaders of both Houses.

Industrial Mobilization

WHEREAS, The plans for industrial mobilization which were embodied in the Sheppard-May Bill would subject labor and the people to a government-imposed industrial enslavement,

BE IT RESOLVED, that we oppose the Sheppard-May Bill or its successor plans for industrial mobilization, as not only utterly anti-democratic, but also actually destructive of industrial efficiency.

Anti-Trust Prosecution

WHEREAS, The Department of Justice is prosecuting labor organizations for alleged violation of the Anti-Trust laws, and

WHEREAS, such prosecutions are an attempt to pervert the Anti-Trust Acts from their original unpursued purpose to break up industrial monopolies into an instrument to destroy labor organization; and

WHEREAS, Organized monopoly has been left immune,

BE IT RESOLVED, that we condemn the present use of the Anti-Trust Acts to prosecute trade unions and call upon the President and the Department of Justice to cease these prosecutions.

71-30

Wages and Hours

WHEREAS, The Fair Labor Standards Act has made an important beginning in raising the wages of workers toward levels of decency; and

WHEREAS, Its all too meager accomplishments in this direction have aroused antagonism of those who advocate the 'Ten cents an hour American way of living',

BE IT RESOLVED, That we wholeheartedly oppose the Borden and all other pending amendments which would deprive millions of workers of the benefits of the Act,

BE IT FURTHER RESOLVED, that copies of this resolution be sent to the President of the United States, to the Majority Leaders of both Houses of Congress and to the Attorney General of the United States.

American Civil Liberties Union

WHEREAS, The rights of labor and of oppressed groups in a democracy should be the primary concern of any organization devoted to the protection of civil liberties,

BE IT RESOLVED, that we deplore the notorious stand of the American Civil Liberties Union upholding the rights of strikebreakers as against the rights of those who are struggling for a better standard of living.

BE IT FURTHER RESOLVED, that we regard with abhorrence and as a perversion of the very essence of civil liberties the action taken by the American Civil Liberties Union to require of its directors a vague and insidious test of political and economic conformity.

BE IT FURTHER RESOLVED, that copies of this resolution be sent to each member of the Board of the American Civil Liberties Union.

7/31

RESOLUTION ON THE FEDERAL BUREAU OF INVESTIGATION

Government in a democracy has as its first duty the protection and extension of the people's democratic rights. This conference registers its alarm at the growing danger to these rights presented by a government agency designed to protect them.

Using the pretext of protecting plants from espionage and sabotage, the Federal Bureau of Investigation has introduced labor spying into the basic industries.

Furthermore, the maintenance of a card index system, described before a House Committee by J. Edgar Hoover, is clearly an unjustifiable assumption of power not authorized by law, and is tantamount to a plot against the peace and security of the American people.

George W. *Barton K.*
We support and commend Senators Norris and Wheeler for exposing the dangers of the F.B.I.'s conduct, and we condemn Mr. Hoover's attempts to smear his critics by characterizing them as Communists.

THEREFORE, BE IT RESOLVED that the Attorney General be asked to investigate the F.B.I. and restrict its functions to those prescribed by law; and instruct it vigorously to prosecute such flagrant violations of the law as the Laura Law vigilante murder and the terrorization of whole communities by the K.K.K., the Associated Farmers, the Black Legion and other vigilante gangs.

BE IT FURTHER RESOLVED that copies of this resolution be sent to the President of the United States, the Attorney General, Senator Norris and Senator Wheeler.

CIVIL RIGHTS AND MINORITY GROUPS

Protection of the rights of minority groups is fundamental to the American concept of democracy. It has been the experience of this country throughout its history that minority opinions and minority cultures are a source of

W 32

strength and enrichment to the nation as a whole.

The right of political parties to present their programs and place their candidates on the ballot guarantees that the people have real freedom of choice at election time. There is at present a campaign to deprive the Communist Party of its right to set forth its program, place its candidates before the people, and preserve secrecy of the ballot for its supporters. This campaign puts the rights of all minority parties in jeopardy and thereby endangers freedom of political expression.

The majority, whose will prevails through the democratic process guaranteed by our Constitution, need never fear the free expression of dissenting views. It need fear only the suppression of this or that minority, which leads to suppression of the popular majority itself.

WE THEREFORE RESOLVE:

1. That no 'emergency' in peace or war can justify the abrogation of the rights of minorities exercising freedom of thought or action within the law.
2. That racial and religious intolerance as practiced by the K.K.K., the Silver Shirts, the Christian Front, and the Coughlinites, have no place in American life.
3. That the flood of anti-alien and anti-foreign born bills now pending in Congress threaten the rights of citizens as well as of aliens and must be defeated.
4. That the right of political minorities to use all legal methods employed by the two major parties to campaign for candidates and platform be protected by the appropriate government authorities.
5. That copies of this resolution be sent to the President of the United States, the Attorney General, and the majority and minority leaders of both Houses.

1133

CIVIL RIGHTS AND THE NEGRO

Almost four score years ago, in one of the darkest hours in their history, the American people vowed with a great leader that 'these dead shall not have died in vain.'

But the principles of equality and freedom are even yet not fully established for the great grandchildren of those whom Lincoln freed from chattel slavery.

The negro people today are still denied equal opportunity to work and live in most sections of our country. In some sections they suffer cruel persecution, especially when they try to exercise the rights granted them under the 13th, 14th and 15th amendments to our Constitution.

In one sovereign state Negro children were recently ordered to learn the duties and rights of citizenship from special text books, specially edited to delete all reference to the right of suffrage.

The depression years have borne down with double weight on the Negro people. They have been the first to lose their jobs and their farms, the last to receive even a small trickle from increasing national income. They have been discriminated against by the relief authorities of many communities. Their housing facilities are the poorest, their schools the most inadequate, their medical care the most neglected.

A people which has contributed its labor, its songs, its laughter, its rich culture to the physical and spiritual capital of America must daily suffer indignities and affronts. Even here, in the Nation's Capitol, the Negro may not walk freely among his fellow Americans.

And always the fear of the lynch mob, the rope and the tree and the whip remain the symbol of Negro oppression.

1134

This Conference recognizes the source of Negro discrimination to be economic fear which is fanned and deliberately deepened by narrow, selfish interests which seek to maintain depressed wages through racial splits.

This Conference has welcomed the Negro people to its deliberations, as they are welcomed wherever true Americans dedicate themselves to the task of preserving and extending our democratic rights. We are grateful for their help, now and in the future. Without it we cannot hope to achieve our purpose.

THEREFORE WE RESOLVE:

1. To make the fight of the Negro people for freedom from prosecution and discrimination our fight.
2. To join with them in demanding of both major political parties that this Congress remain in session until it has passed the Cavagan-Wagner-VanNuys anti-lynch bill.
3. To secure full suffrage rights for the Negro people, not only in the poll-tax states but wherever other obstacles are placed in the way of their voting.
4. To work for the immediate passage of the Sacco Civil Rights Bill, in order that the American people need no longer be shamed by Jim-Crow practices in the Capital of their nation.
5. That we oppose all discrimination against Negroes in the government service and demand that the ban against the employment of Negroes in stenographic, clerical and professional positions be abolished.
6. That copies of this resolution be sent to the President of the United States, Senator Alben W. Barkley, John D. M. Hamilton, James A. Farley, and James A. Sacco.

THE POLL TAX

In eight states (Georgia, Texas, Arkansas, Virginia, Alabama, Tennessee, Mississippi, and South Carolina) the requirement of a poll-tax as a prerequisite to voting deprives more than 7,000,000 citizens of the ballot; results in taxation without representation and government without the consent of the governed; fosters fraud at the polls and corruption among the people; concentrates power in an oligarchy of wealth and bureau-cracy; and tightens political machine control through the traffic in votes and offices.

This condition permits the narrow constituencies of these states to send to the Federal Congress biennially 78 representatives, 70 of whom have received no effective opposition at the polls, who thus attain long tenure and through seniority acquire a plurality of Committee Chairmanships and ruling positions in House and Senate, whence they subvert the popular will by blocking necessary social legislation endorsed by a vast majority of the citizenry.

Because so very few can or do vote in elections for these poll-tax Congressmen, 57 more enjoy seats in the House than their states are entitled to under the 14th Amendment. In 1938, 16 won their seats in districts where less than 6,000 persons voted as against 87,000 in the tax-free states, and the average obtained only a third of the winning votes cast for his colleagues from the rest of the Union. Since one vote for a winner in a poll-tax state is thus worth three votes elsewhere, the poll-tax that disfranchises 83% of the voters in eight states also nullifies the ballots of 2/3 of the voters in the other 40. Where restrictions on the franchise for some thus become at once shackles on the suffrage for all, it is obvious that the poll-tax is a national issue.

The citizens of the District of Columbia feel the injustice of poll-tax disfranchisement particularly keenly.

II 36
account of the plight of our neighbors across the Potomac in poll-tax Virginia and because, in spite of our residence in the Capital of a great democracy, we ourselves are deprived of the ballot; and we resent and reject a recent suggestion in Congress that a partial District suffrage be further fettered by a poll-tax.

THEREFORE BE IT RESOLVED, that this Conference for Civil Rights condemns the poll-tax as undemocratic and dictatorial; commands those statement who are fighting to wipe away this national disgrace, and pledges itself and its members vigorously to aid the campaign for the passage of the Geyer Bill (H.R. 7534) that would outlaw the poll-tax in federal elections; and

BE IT FURTHER RESOLVED, That copies of this resolution be sent to the members of the House Judiciary Committee, to Congressman Lee E. Geyer, the majority and minority leaders in both Houses; and be made available to the press.

RESOLUTION ON SUFFRAGE

WHEREAS, Our forefathers fought a revolution to free us from taxation without representation, and to guarantee all Americans the right to govern themselves in their own communities; and

WHEREAS, The writings of James Madison and others show the clear intent of the Founding Fathers to secure for the Nation's Capital, like all other American cities, the right to vote customarily enjoyed by the inhabitants of democratic republics; and

WHEREAS, The residents of the District of Columbia have been arbitrarily deprived for over sixty years of our American right of suffrage, and are dependent upon appointed officials not responsible to those they govern, frequently insensitive or unresponsive to their needs; and

II 31

WHEREAS, Among the consequences of our voteless condition are shocking health, housing, education, relief and crime records and an abnormally high cost of living,

NOW, THEREFORE, BE IT RESOLVED, That this meeting does hereby strongly urge the Congress of the United States to restore immediately by simple enactment the inalienable right of complete local suffrage, including the right to make and administer our own local laws and that Congress amend the Constitution to grant us national suffrage; and

BE IT FURTHER RESOLVED, That copies of this resolution shall be sent to the President of the United States and to the House and Senate District Affairs Committees.

WHEREAS, Section 51 of the Criminal Code of the United States provides:

'If two or more persons conspire to injure, oppress, threaten, or intimidate any citizen in the free exercise or enjoyment of any right or privilege secured to him by the Constitution or laws of the United States, or because of his having so exercised the same,....they shall be fined not more than \$5,000 and imprisoned not more than ten years and shall, moreover, be thereafter ineligible to any office, or place of honor, profit or trust created by the Constitution or laws of the United States.' and,

WHEREAS, the rights of labor under the Wagner Act are rights secured to all workers by the Laws of the United States, and action by employers and their agents to deprive workers of these rights or to discriminate against them because of their exercise of these rights are conspiracies to injure, oppress, threaten, or intimidate citizens in the free exercise or enjoyment of rights and privileges secured to them by the laws of the United States; and

1131
WHEREAS, the preservation of democratic civil liberties depends on the right to existence of a strong labor movement; and

WHEREAS, the duty of the Department of Justice is to enforce the laws of the United States impartially,

NOW THEREFORE BE IT RESOLVED THAT (1) The Department of Justice is urged to prosecute violations of the Wagner Act which violate the foregoing Civil Rights Statute of the laws of the United States so that the people of the United States may be assured that the civil liberties of workers and all other persons in the nation may not be flouted with impunity by powerful employers.

BE IT FURTHER RESOLVED (2) that the Civil Liberties Unit of the Department of Justice is urged to justify its right to its name by undertaking such prosecutions at once with all the vigor that other units of the Department have exhibited in the prosecutions of labor unions for alleged violations of the anti-trust laws.

BE IT FURTHER RESOLVED that copies of this resolution shall be sent to the Attorney General, to Mr. O. J. Rogge, head of the Criminal Division of

RESOLUTION ON THE DIES COMMITTEE

All the principles expressed by speakers at this Conference and embodied in our resolutions are in head-on collision with the concept of 'Americanism' which the Congress through the Dies Committee seeks to impose upon the American people. The right to differ with the Dies Committee can no longer be taken for granted. Your resolutions committee does not consider it necessary to review here the activities of Mr. Dies and his colleagues.

We do consider it important to stress the fact that the right to defend the principles for which this Confer-

1431

once stands may soon be denied us unless the Dies Committee is speedily denied the right to decide what it is safe to think and say in the United States.

The Dies Committee, itself, cloaked in Congressional authority, becomes even more dangerous as it succeeds in intimidating its former critics in high places.

But there are many signs that labor and the common people don't scare easy. These we are sure will back up our resolution that

1. The House of Representatives dissolve the Dies Committee.
2. The Department of Justice, State and Local police authorities cease collaborating with the Dies Committee in acts beyond its Congressional powers.
3. That we send copies of this resolution to the President of the United States, Members of the Dies Committee, the Speaker of the House, Congressman Barkhead, and the Majority Leader of the House, Congressman Rayburn.

WHEREAS, the recent and repeated harassing of the Veterans of the Abraham Lincoln Brigade is a further evidence of the attempt to deprive American citizens of their civil rights.

THEREFORE, be it resolved that this Conference condemns such actions and calls upon affiliated groups and individuals to be alert to these efforts and vigorously protest them.

CONCLUDING RESOLUTION

In presenting these resolutions, the resolutions committee recognizes the sentiment of this Conference

77158

- to take further action in support of the policies they represent.

We therefore resolve: that the Washington Committee for Democratic Action refer these resolutions to its appropriate committees with instructions to implement them by whatever measures properly come within the jurisdiction of this organization.

The draft of program of action to be printed and distributed, prepared under the supervision of Mr. Miller, was approved, except that it was decided to omit all reference to the Overton and Industrial Mobilization Plans, and Mr. Miller was authorized to get in touch with Mr. Sentman to request him to take care of the printing, authorizing him to order 3,000 to 5,000 copies but to have only 500 actually printed and the type held, in the event changes are suggested at the membership meeting, Wednesday, June 26.

The Secretary then read a letter from Mr. Mollegen to Mr. Vincent, a copy of which is attached hereto. The resignations of Cecil Owen, John Anderson and Elinor Fowler, due to the CIO policy that those in administrative positions -- not elective -- with CIO Washington office must withdraw from all other organizations, were reported.

After discussion, it was

RESOLVED, that a nominating committee, consisting of Eve Budd, Sara Montgomery, and Hugh Miller, be set up to arrange a slate, that Executive Committee meet within the week to go over the slate and that a telephone call be made urging Mr. Mollegen to continue as Chairman until Fall.

and it was recommended that the officers of Treasurer and Finance Chairman be combined and that Henry Collins be nominated for Chairman of Legislative Committee.

Miss Budd reported that it was necessary to get a new office secretary to replace Miss Salkind who had taken another position. She was authorized to ask Mrs. Elkins to work as office secretary until such time as an Executive Secretary is secured. The committee was to pay expense of mail.

Mrs. Montgomery was requested to make report to membership next Wednesday with regard to relief question and request their support; also to prepare a letter, in name of Washington Committee, to the Board of Public Welfare, for publication in press, and to request members to send similar letters.

255
Pertha Blair reported for Minorities Committee with regard to police brutality to Negroes occurring June 8 and 9. She has conferred with Mr. Marshal and Rev. Gray who suggested that Washington Committee have conference with Major Brown.

After discussion, it was

RESOLVED, that members of Minorities Committee should meet with National Negro Congress to work out procedure, etc. and that Miss Blair report to membership and write letter to press to be endorsed by membership.

Miss Barrows brought up matter of violations of civil rights:

1357

Re: Lorenz Franz matter: Miss Budd read letter from Civil Liberties Unit of Department of Justice and letter from Mr. Franz."

It will be noted from the above minutes that Miss Alice Barrows reported on the National Federation for Constitutional Liberties giving its organizational set-up, after which the Executive Committee recommended that the Washington Committee for Democratic Action become a Chapter of the National Federation for Constitutional Liberties.

It will also be noted that the Committee passed a resolution for its Minorities Committee to meet with the National Negro Congress to work out "procedure, etc." and thereafter Miss Barrows presented violations of civil rights which were listed as the Harry Bridges Bill and Violation of civil liberties of government employees, and directed sub-committee of Membership Committee to get actual cases before June 26, 1940 and "go to bat on these cases."

Miss Barrows was directed to get in touch with Henry Collins and ask him to draw up resolutions on the Bridges and Anti-Alien Bills, according to these minutes.

The minutes of the Executive Committee Meeting of June 24, 1940, are as follows:

"Meeting of Executive Committee of Washington Committee For Democratic Action, June 24, 1940 at 8:15 p.m.

Miss Barrows presided.

250

The question of fixing responsibility for statements issued under name of Washington Committee for Democratic Action was discussed and it was

RESOLVED, that a committee, consisting of Miss Budd, Miss Elkins and Mr. Miller, be made responsible for passing on anything that goes out in the name of the Washington Committee for Democratic Action between Executive Committee meetings; and it was further

RESOLVED, that before any committee takes action the matter should be discussed with Full Executive Committee or at a special Executive Committee meeting called for that purpose.

Miss Blair reported for the Minorities Committee that, at the direction of the Executive Committee, representatives of the Minorities Committee met with representatives of the National Negro Congress. At this meeting there were present two of the victims of police brutality and three witnesses. It was the feeling that a City wide Committee to handle cases of police brutality should be set up. Mr. Langston Taylor, Chairman of the Civil Liberties Committee of the National Negro Congress was elected Chairman. There were present at this meeting representatives of the National Negro Congress, Civil Liberties Committee of Elks, Georgetown Workers' Alliance, N. A. A. C. P., Womens' Trade Union League, Negro Youth Federation, etc.

At this point Miss Blair's report was interrupted to enable Miss Botkin of the Descendants of the American Revolution an opportunity to present a digest of the anti-alien legislation which the D. A. R. felt was objectionable. Miss Botkin who had come for the sole purpose of presenting this digest left the meeting and Miss Blair continued with her report.

Only two of the victims have filed complaints against the police. Mr. H. L. Johnson will file for the third. The Committee is now investigating to get picture of entire precinct to find out whether any other cases of

12-37
police brutality have taken place. Dr. Taylor suggested waiting until the broad committee takes action before WCLM does anything.

It was suggested that this committee be made as broad as possible -- could have representatives from each organization in the District.

Miss Blair was directed to report to membership on part WCLM played in getting committee together and to ask for approval as far as it has gone and for authority to cooperate with committee and send letter to Major Brown, for publication in press.

Mrs. Montgomery reported for District Affairs Committee:

1. Re: Suffrage. Legal Committee is working on proposed suffrage law, using as basis Griffenhagen reorganization bill and including proportional representation.
2. Re: Relief. Cooperating with Workers' Alliance which has asked for cooperation of other groups besides ours in connection with request that Board of Public Welfare change ruling putting people off relief where one member of family has been certified as employable. Has requested copies of letters and affidavits covering two test cases.
3. Re: Housing. Mr. Van Blassingham invited her to attend meeting with reference to housing project in Berwyn.

Mrs. Montgomery was directed to report relief situation to membership and at that time to submit resolution thereon and request everybody to write letters on basis of resolution and ask that committee be authorized to continue to cooperate with Youth, Workers' Alliance and other groups which are working on this situation.

1160

Mrs. Montgomery was authorized to attend any meeting with reference to housing to which she is invited, and authorized District Affairs Committee to go ahead in connection with housing.

Suggested agenda for membership meeting June 26.

7. Report on membership and program

Special Executive Committee meeting called for
Wednesday, June 26, at 12:15 p.m. at Smorgasbord.

Meeting adjourned 11 p.m."

It will be noted from the above minutes that Hugh Miller, Eve Budd, and Lillian Elkins were appointed to a committee to approve all statements issued under the name of the Washington Committee for Democratic Action.

It will also be noted that Miss Blair reported that the Minorities Committee met with representatives of the National Negro Congress and it is interesting to note that victims of the so-called police brutality were present and that a city-

wide committee on police brutality, headed by Langston Taylor, Chairman of the Civil Liberties Committee of the National Negro Congress, was set up. Present at this meeting were representatives of the National Negro Congress, Civil Liberties Committee of Elks, Georgetown Workers' Alliance, National Association for Advancement of Colored People, Womens' Trade Union League, Negro Youth Federation and others.

It may be stated that the so-called police brutality in the District of Columbia is an outgrowth of a campaign carried on by the Communist Party of the District in an effort to put fear into the local police officers to deter them from arresting negro Communists in the District. Considerable publicity has been given to this in the past and innumerable charges have been brought against individual officers.

The following are the minutes of the Executive Committee meeting of June 26, 1940:

It was decided that another membership meeting should be called within two weeks.

Under date of July 1, 1940, the Executive Committee held a meeting wherein it was stated that a letter had been received from Mr. Martin Chancey, Executive Secretary of the District of Columbia Communist Party to the effect that the Communist Party had been refused permission for meetings and that large numbers of police attended their meetings, intimidating those who attended. The following is a copy of this letter:

Secretary,
Washington Committee for Democratic Action
1653 Pennsylvania Avenue, NW
Washington, D.C.

Dear Sir:

We wish to bring to the attention of your organization two recent serious violations of civil liberties in the District which we believe concern and affect every freedom-loving citizen of Washington.

During the past few weeks, every request we have made of the Police Department for permission to hold outdoor meetings in Georgetown for the purpose of protesting police brutality against the Negro people in that area has been denied. In each case the reason given for the refusal was that traffic conditions did not permit holding a meeting on any of the four corners in question. We had been granted permits for every one of the corners in the past. A committee which examined the corners reported to us that there has been no increase in the traffic over last year. It is apparent that the police wish to stifle any discussion of their lawless and brutal behavior.

In addition to refusing us a permit to hold an outdoor meeting, the District Police are making it a point to attend, in large numbers, every open meeting which we call, attempting to intimidate the owners of the halls against renting their halls to us and blocking the entrance to the halls in order to frighten people away.

It is worthy of note that at a time when the District Police Officials are complaining about the lack of forces they are able to send on many occasions more officers to our meetings than there are people attending.

We feel that such behavior on the part of the District Police at a time when strenuous efforts are being made to stir up a war-hysteria throughout the country is a danger signal of coming repressions that will affect not only the Communist Party but also every labor and progressive organization which dares to speak up today in favor of peace in the world.

II 64

With determined protests we are confident that this attempt to stifle civil liberties in the Nation's Capital can be stopped. We urge you and your organization to express your sentiments upon this question to Police Major Brown and to Commissioner Hazen--the two officials responsible for conduct of the police in the city.

Fraternally yours,

/s/ Martin Chancey
Martin Chancey
City Secretary."

The minutes of the Executive Committee meeting of July 1, 1940, which are quoted below, indicate that the Legal Committee was authorized to draw up a letter to Commissioner Hazen and Major Brown stating that the above complaint had been received and asking if the facts were true and explaining that the Washington Committee for Democratic Action was interested because if true, such policy constitutes an attack on freedom of speech and assembly:

II 73

that the membership be requested to help publicize the matter by writing letters to the press and by volunteering to go with delegations to see Major Brown of the Metropolitan Police Department and also Senators Buckley, Journey and Romney concerning the Capitol Guard Case.

It will also be noted that the Legislative Committee reported that preparations were being made for the Washington Committee for Democratic Action to appear before the Senate Committee on the hearings of the Burke-Wadsworth Bill.

The following are the minutes of the Executive Committee meeting of July 30, 1940:

"Minutes of Executive Committee of Washington Committee for Democratic Action July 30, 1940

Presiding: Hugh Miller

Present: Miss Barrows
Miss Elair
Miss Elkins
Mrs. Montgomery
Mr. Miller
Mr. Kamnitz
Mr. Jacobson
Mr. Sandler
Mr. Freeman
Mr. Gerber
Miss Wetman

Mr. Kamnitz explained what the National Federation for Constitutional Liberties was doing in opposition to the Burke-Wadsworth Bill, first analysing the bill. He said an action letter had been formulated containing an analysis of the bill and a request that the recipients organize telegraph and mail campaign in their communities, immediately, to their own Senators, Congressman May and the Congressman from their own districts.

Mr. Jacobson then read the report of the Legislative Committee on the Burke-Wadsworth bill, a copy of which is attached hereto.

1574

After discussion, it was

RESOLVED, that copies of the report be made and submitted to each member of the Executive Committee and that each member read it with the idea of editing it for submission to the membership and, possibly, to the House and Senate, and that the Executive Committee meet Friday, August 2, at 5 p.m. to consider the report.

And it was

RESOLVED, that the membership meeting be held Wednesday, August 7, and be devoted to the Burke-Wadsworth bill.

Miss Elkins reported on the financial status of the office, as follows:

| | | |
|---------------|--------|----------|
| Owe rent | \$75 | |
| Hanford Press | 140.35 | |
| Publicity | 38 | |
| Post. Tel | 9.67 | |
| Salary | 30 | |
| D. Cohen | 15 | \$328.02 |

\$50 raised through contributions was used to pay old telephone bill.

Mr. Freeman reported that the picnic was not a success financially, one of the reasons being poor advance sale of tickets through the agencies.

After discussion it was

RESOLVED, that the Executive Committee recommend to the membership that Woodrow Sandler be elected Chairman of the Membership Committee.

Miss Barrows then reported on plans for raising money and after discussion, it was

RESOLVED, that the Washington Committee join with the National Federation for Constitutional Liberties

II 75

in a 6-weeks concentrated campaign to raise finances in Washington on a 50-50 basis.

Mr. Sandler reported for the Membership Committee that it was not at this time concentrating on new members but on raising funds and strengthening the Agency Committees.

Mrs. Montgomery reported on suffrage for the District Affairs committee.

She made the following suggestions:

1. that the WCDA organize a mass meeting contacting other organizations and people interested in suffrage
2. delegation to the president

After discussion, it was

RESOLVED, that we start a postcard campaign to be addressed to the President and members should be asked to write to their own Congressmen and Senators; and it was

RESOLVED, that Mr. Katz be asked to address the membership meeting August 7 on the suffrage question.

Mr. Gerber reported for the Legal Committee that a letter had been received from Major Brown in reply to letter sent concerning the refusal to issue permits to the Communist Party to hold meetings at 25 and 26 and Eye Streets, etc. The answer stated that traffic conditions have changed and therefore do not give permits -- which is a proper reason -- and that the sentiment of the people in the community is against it -- which is not legally a proper reason. With reference to the complaint that the police intimated the landlord into refusing to rent meeting place, Major Brown said investigation showed that no policeman had spoken to the landlord. Major Brown ignored the request that permits be issued for other corners.

II 96

After discussion it was

RESOLVED, to refer the matter back to the Legal Committee to prepare a letter to Major Brown for submission to the Executive Committee August 2nd pointing out that the sentiment of the people of the community is not a proper reason for infringing the freedom of assembly, etc.

Miss Blair reported for the Minorities Committee that it was concentrating on four matters:

1. Assisting the Committee on Police Brutality (Snows Court)
2. Walker-Deus case (NLACP)
3. Dismissal of Harry McAlpin in Employment Center
4. Matter of Employment Center and Civil Service assignment of jobs only to whites.

The meeting adjourned 11:30 p.m."

It will be noted from the above minutes that the Executive Committee discussed the opposition to the Burke-Wadsworth Bill and Mr. Kamnitz explained what the National Federation for Constitutional Liberties was doing to oppose this Bill. He advised that an action letter had been formulated containing an analysis of the Bill and a request that the recipients organize a telegraph and mail campaign in their communities.

It is clearly evident from the minutes of this meeting that the National Federation for Constitutional Liberties and the Washington Committee for Democratic Action are participating in extensive lobbying activities in connection with Federal legislation.

It is further pointed out in the above minutes that preparations were made for a postcard campaign to be addressed to the President and members of Congress on the suffrage

1177
question in the District of Columbia. It may be stated here that the Washington Committee for Democratic Action has been exceptionally active in sponsoring the suffrage movement in the district.

The following are the minutes of the Executive Committee meeting of September 9, 1940:

The following suggestions were made for raising money:

1. Have a series of small parties culminating in one large one around Thanksgiving Day.
2. Arrange party with members of cash of Pins and Needles as guests of honor.

After discussion, it was

RESOLVED, that a party be arranged to which members of the cast of Pins and Needles be invited as guests of honor, the date to depend upon when they will be in Washington, and it was further

RESOLVED, that a sub-committee on the protection of right of free speech and free assembly be set up immediately to arrange a Town Meeting with panel discussion and discussion from the floor, to be held either September 20th or October 1st.

The following committee was set up to handle the meeting:

Alice Barrows, Chairman
Allan Fletcher, Publicity
Eve Budd

The following suggestions were referred to the committee for consideration:

1. That the panel consist of a big lawyer, a big historian, and one other person.
2. That there be an admission charge.
3. That a table be set up with literature, membership cards, and posters showing what the NCDA has done to date. (The Executive Committee constituted itself a clipping service to complete the files in this regard).

1799
After discussion, it was

RESOLVED, that the regular membership meeting be held Monday, September 16th.

Miss Barrows was authorized to arrange for a meeting place. The following places were suggested: YMCA, 17th and K Streets, Hotel Hamilton, Friends.

The following suggestions were made as to program:

1. Ask M. Bachrach to tell about whole conscription fight
2. Ask M. Kamnitz to report on suits being filed with reference to attack by police on prayer meeting on steps of Capitol Sept. 8.
3. Vote on dues amendment (H. Watman and L. Elkins to prepare statement).

Miss Budd reported for the Minorities Committee on campaign against police brutality to Negroes in the District, to the effect that the Minorities Committee has been actively collaborating with the Committee arranging the mock trial and mass meeting scheduled for September 26 and in connection with the McAlpin case. She reported that there had been a recurrence of brutality on or about Labor Day as a result of which 8 policemen had been suspended.

After discussion, it was decided to communicate with Mr. Davis of the National Negro Congress to ask whether he thought the WCDA could do something in reference to civil suits against policemen who engage in acts of brutality and Mr. Fletcher was directed to prepare an open letter of the question of police brutality.

The flyer prepared by the National Federation for Constitutional Liberties with reference to the Capitol steps incident was exhibited to the Executive Committee and after discussion it was

RESOLVED, that the WCDA send the flyer to various local organizations -- labor unions, church groups, etc -- together

73163

with a letter and a resolution which they should be asked to adopt and forward to specified people.

Miss Budd was directed to prepare two letters of transmittal, one to go to labor unions and one to other organizations.

Mr. Miller was directed to contact Arthur Stein with reference to the introduction of a resolution on civil liberties at the UFWA convention.

Mr. Garber reported for the legal Committee on the bill which is to be filed by the National Federation on behalf of certain organizations and individuals.

After discussion, Mr. Miller was directed to write to Mr. Sidney Schlessinger, a local attorney who has been assisting in the preparation of the bill, to express appreciation for the excellent work he has done.

Mr. Garber then reported on the status of the complaint of the Communist Party that it has not been permitted to hold street meetings:

1. Received complaint.
2. Wrote Commissioners stating that facts, if true, constituted violation of right of freedom of speech and assembly.
3. Received reply - Commissioners do not issue licenses. Should get in touch with Supt. of Police.
4. Wrote back - asking you to investigate.
5. Received answer from Commissioner Hazen that matter was being considered and should get answer within few days.

After discussion, it was decided to await the result of the bill of the National Federation testing the constitutionality of local ordinances requiring license for street meeting.

It was decided that a copy of the minutes of each Executive

Committee meeting be sent to each member of the Executive Committee.

The meeting adjourned at 10:30 p.m."

It should be noted that the desire to organize a Town Meeting for the protection of free speech and free assembly as indicated in the above minutes, is an outgrowth of the objection to police brutality by this organization and the Communist Party of the District of Columbia.

It is noted from the above minutes that a resolution was passed to address a letter to Sidney Schlessinger, local attorney and reported Communist, for his excellent work in preparing a bill in connection with the police brutality matter.

Also, Mr. Gerber reported that due to their activity in connection with the Communist Party's complaint that it had not been able to obtain a permit to hold street meetings, that this matter had been settled and as a result a bill had been drawn up by the National Federation for Constitutional Liberties testing the constitutionality of the local ordinance requiring a license for street meetings.

During the past few months the Washington Committee for Democratic Action has experienced considerable difficulty obtaining proper meeting places in view of the fact that the membership is composed of a number of colored persons and for this reason the meetings have been banned in such places as hotels, the YCA. The Committee has recently carried on an extensive campaign in an effort to obtain a permanent meeting hall with negative results.

The files of the Washington Committee for Democratic Action contain letters directly from the District Headquarters of the District of Columbia Communist Party, District #34, of the Communist Party of the United States.

Under date of June 29, 1940, the following letter was addressed to the Washington Committee for Democratic Action:

Secretary,
Washington Committee for Democratic Action
1653 Pennsylvania Ave., N.W.
Washington, D. C.

Dear Sir:

I am submitting the following information which you requested over the phone Saturday.

We applied for : permit for the following corners:
1) 25th and Eye, N.W.; 2) 26th and Eye N.W.; 3) 23rd and H N.W.;

4) 24th and H. N.; 5) on any other corner that the police might suggest. The time we requested was from 6:30 to 9:00 p.m.

On the 18th. of June we received a reply to our application from Lewis I. H. Edwards, Assistant Superintendent of the Metropolitan Police, which stated that 'you are advised (that) these are heavy traffic streets, for which reason your request must be denied.'

For the past several years we have been granted permits for meetings at 25th. and Eye and 26th. and Eye N.W., at the same time: 6:30 to 9:00 p.m.

The most recent instances of open police intimidation at indoor meetings are: 1) Thursday, June 27th., at a small church at 2437 N. N.W., at a meeting called against Police brutality in Georgetown. In an audience of 25 people there were 2 plainclothesmen and three uniformed men standing in front of the door, one of whom was Officer Swanson who is involved in the beating of the three people and who is notorious for his terrorization of West End citizens. They were all taking copious notes, mingled with the audience and ridiculed the meeting. 2) Monday, June 24th, at 1529 Vermont Ave., N.W. At a meeting called against Police brutality, six policemen arrived before the meeting started and posted themselves at the entrance, while a Scout-car waited in front of the building. The policeman spoke to the landlord and, as a result, the landlord refused to allow us to go on with the meeting, although we had been using this particular hall almost weekly for the past four years. Every person coming into this meeting was interviewed by the policemen and such an atmosphere was created that most of the people departed immediately.

I hope that this information answers your questions satisfactorily. I want to take advantage of this opportunity to thank you for the interest you have displayed in this matter.

Yours sincerely,
/s/ Martin Chancey
City Secretary"

Under date of August 6, 1940, Edward Felder of the District Communist Party addressed a letter to the Washington Committee for Democratic Action, setting forth the method of attack against the Police Department in connection with its refusal to grant meeting places, as follows:

District 34, Communist Party, U.S.A.
527 9th St., N.W.,

Secretary,

Dear Friends:

We are enclosing for your information copies of a letter submitted to the Board of Commissioners by Martin Chancey, City Secretary of the District Communist Party, and the reply.

From the enclosed communications you can ascertain the facts upon which we base our appeal to the Commissioners for a hearing on the question of police permits for outdoor meetings.

We feel that there are certainly grounds for our conclusion that this refusal to grant permits is part of a drive to deprive us of our Constitutional liberties. This is confirmed when we note that in the first communication received from the Commissioners the following was the reply: 'I am directed by the Commissioners to inform you that the matter of issuance of these permits was considered by the Commissioners, and they concur in the action taken by the Police Department.' This letter was received on July 28th. On July 30th (copy enclosed), the Commissioners state that they have nothing to do with the matter of permits.

This question involves the civil liberties of a minority political party. Every Washingtonian will be affected if the Police Department is allowed to deal in such an arbitrary manner with minority groups.

We appeal to your organization to consider this question very carefully and inform the District Commissioners of your sentiments on this important matter.

We would appreciate a reply.

Yours very truly,

/s/ Edward Felder

On the same date Lillian Elkins, Secretary of the Washington Committee for Democratic Action, addressed a letter to Mr. Lamberton as follows:

" Washington Committee for Democratic Action

Secretary
Lillian M. Elkins August 6, 1940

Dear Mr. Lamberton,

Hugh Miller suggested I send this on to you for your Legal Committee. Will you have them study it and pass on suggestions for action to the next executive Committee meeting.

Sincerely yours,

/s/ Lillian Elkins"

It is interesting to note that the Communist Party appealed to the Washington Committee for Democratic Action for support before the District Commissioners and the minutes of the meeting of the Washington Committee for Democratic Action

The following telegram was sent by Hugh Miller of the Washington Committee for Democratic Action under date of November 5, 1940:

Postal Telegraph
Rapp-Coudert Committee
Albany, New York

Nov. 5, 1940

Mr. Paul Wendels
165 Broadway
New York City

We vigorously protest the subpoenaing of the membership lists of Teachers Union Local 5 by the Rapp-Coudert Committee. This invasion of the rights of trade unionists is an un-American attempt to intimidate the progressive teachers of New York City and to defeat the fight for higher educational standards.

The Confidential Informant advised that in the offices of the Washington Committee for Democratic Action there is maintained a list of the Marian Anderson Citizenship Committee containing names of the individuals who signed a petition when permission for her to sing in Constitution Hall was refused by the D.A.R. This list of names has been photostated and forwarded to the Bureau under separate cover.

The following is a list of subjects maintained in the files of the Washington Committee for Democratic Action for future discussions:

"Nicholas Murray Butler states that there can be no academic freedom for students at this time. What can be done to combat this fundamental threat to freedom of speech, thought, and expression?

What constitutes political activity under the Hatch Act?

Since draft board members are largely taken from among employers and those whose interests lie with them, what guarantee is there that active and militant trade unionists will not be drafted first?

Will one of the experts give a brief sketch of what happened to civil rights during the last war. Is there danger of similar infringements of civil rights during this war period?

What can we do to preserve our civil rights at this time?

Isn't it vital to democracy that labor have the right to strike in a period of national defense?

Should labor have the right to strike in defense industries?

What right do plain people have before congressional committees, especially the Dies and Smith Committees?

Does Labor's demand for increased wages result in higher prices?

How can you have true National Defense unless you protect Civil Rights?

What are the rights of students who are refused the right to continue their courses at colleges because the authorities do not approve of the student's political and economic beliefs? This happened at the Universities of California and Michigan.

What are the rights of minority parties to be on the ballot?

Do I, as a citizen, have the right to sign a petition for placing any political minority party on the ballot, even though I do not hold with their views?

Do I have the right to distribute leaflets in Washington?

What is the home guard going to guard?

Do we have the right to work for the repeal of the Conscription Law?

What guarantees are there that our jobs will be waiting for us when we return after a year's army training?

Can you retain your membership in a trade union while you are a conscript?

Does the Alien Registration Act constitute an abridgement of the Civil Liberties of Aliens?

Has not discrimination against aliens been used as a wedge in a general drive against Civil Liberties in this country as well as in other countries?

Has there been any demonstration that aliens constitute a menace to the security of our country?"

Transmitted herewith are copies of pamphlets and circulars distributed by the Washington Committee for Democratic Action, as follows:

It is interesting to note that the circular entitled "Information Please! on Our Civil Rights in 1940" announces that the meeting will be held on October 25, 1940 at the National Press Club Auditorium and lists the following speakers:

- Louis F. McCate, Vice-Pres., Natl. Lawyers Guild

It is noted that the Bureau has requested the personal history of each officer of this organization. In view of the fact they are believed to be notorious Communists presently operating in the District of Columbia, a detailed investigation as to each officer is being made and reports will be submitted to the Bureau at a later date under the names of the subjects in the case.

The Confidential Informant furnished copies of circular letters on the letterhead of the National Conference on Constitutional Liberties in America located in Room 335 Southern Building, Washington, D. C., which reflect that due

to the Conference on Civil Rights held by the Washington Committee for Democratic Action many scattered Civil Rights groups decided to get together and talk over coming problems. A meeting for this purpose was held on June 7, 8 and 9, 1940 at the National Press Club Auditorium and as a result of the same the National Federation of Constitutional Liberties was formed, its present headquarters being located in Room 102, Maryland Building, 1410 H Street, Northwest. Detailed information concerning the National Federation of Constitutional Liberties will be reported in a separate case.

Through the assistance of Confidential Informant C-21, photographic copies of the letters and documents noted in this report, or carbon copies thereof, have been obtained and are being retained in the files of the Washington Field Division.

The Confidential Informant in this case is being contacted periodically in connection with other investigations and in the event any additional information is obtained concerning the Washington Committee for Democratic Action, a report of same will be submitted to the Bureau and the New York Field Division, and until such information is received this case is being considered referred upon completion to the office of origin.

ENCLOSURES TO THE BUREAU:
